2010

Beekeeping is a fascinating pastime that can be beneficial and enjoyable in several ways. You can keep bees for the delicious fresh honey they produce, for the value of their services as pollinators, or just for the fun of learning about one of nature's most interesting insects.

Anyone can be a beekeeper, whether you live in the city or in the country. Bees require very little care, take up only a small space, and the cost of starting is much less than comparable hobbies.

In an effort to furnish educational information concerning beekeeping, the Clayton County Extension Service, Clayton County Master Gardeners and the Tara Beekeepers are sponsoring a **Beekeeping Short Course**.

Pre-Register Program Fee is \$50.00 or \$55.00 day of the program at the door.

To register, fill out form on the other side of this brochure. Make your check payable to the Tara Beekeepers Association and mail to:
